

Warsaw, 14.06.2010

Dear Masters,

It is my great pleasure to invite you to Poland for the regatta from the Euro Masters Series 2010 . It will take place in Puck at Pucka Bay from 27<sup>th</sup> to 29<sup>th</sup> of August 2010, and it will be International Polish Championship at the same time. Also, as it was last year, Europa Cup in our Laser category will be taking place, allowing us to compete not only among ourselves, but also with the best sailors in our category from this part of Europe...and not only!

You are probably asking-Puck, but where is it? Look at the map of Europe. The Baltic Sea, eastern part of Polish coast. Puck is situated halfway between Tricity (Gdansk-Sopot-Gdynia) and Hel Peninsula- a real wonder of seaside nature.It is a historical Land of Amber and a real mecca for the sailors. Those of you who came to our regatta last year could confirm it - it is a great area for sailing and the winds at the bay are a real challenge!

It is really not far away: from Belgium, Holland or Germany (via Berlin, Szczecin or Poznan), Finland, Sweden, Denmark or Norway(ferries to Gdansk or Swinoujscie), Czech Republic(via Katowice, Warsaw), or by plane from every direction (Lech Walesa airport in Gdansk)

And one more thing...We will host you in a truly royal way! Together with the best chefs from this part of Poland we are preparing a degustation of Polish cuisine at the Puck beach and its flavours will delight you. And the quality of Polish liquors will keep you in a an excellent mood!

Dear Masters! You are very welcome! Let's meet in Puck, let's meet in Poland!

Pawel Pochwala

Masters Coordinator in Polish Association in Laser category
